

CALIFORNIA COLLEGE LAND SURVEY/GEOMATICS ENGINEERING
SCHOLARSHIP APPLICATION INSTRUCTIONS

The League of California Surveying Organizations (LCSO) is comprised primarily of County Surveyors within California. Our goal is to disseminate information for the purpose of standardizing surveying throughout California. Supporting your education in our profession accomplishes that goal by providing assistance for obtaining a structured foundation from which to begin your career.

Submittal

- Please submit a completed application form.
- Attach a one-page essay addressing the topics as indicated on the application form. All essays must be typed. **Handwritten essays will not be accepted.**
- Provide contact information for at least one faculty member familiar with your coursework.
- Attach a copy of all unofficial college transcripts through the Fall semester, of the previous year when scholarship award is being applied for. If this is your first semester in a surveying class, submit proof of registration.

Incomplete, improperly filled out, and late applications will not be accepted. Valid applications must be postmarked no later than the deadline. **It is the obligation of the applicant to ensure that applications meet the postmarked deadline of May 18, 2018.**

Eligibility

Currently enrolled in an accredited land surveying or survey/geomatrics engineering bachelor degree program, or currently enrolled in an associate degree/certificate program in land surveying or survey/geomatrics engineering with the intent to attend an accredited survey/geomatrics engineering bachelor degree program or to pursue a career in a Land Surveying related profession.

Selection Criteria

The League of California Surveying Organizations Education Committee will review and select applicants to receive scholarships annually. Scholarship awards will be determined based upon the applicants' career interests, grade point average, financial need, dedication to the profession of land surveying, land surveying organization affiliation, and geographic location within California. These criteria are inclusive and not necessarily listed in order of selection importance. Students enrolled in a Bachelor of Science degree program will be eligible for scholarships up to \$1000; students enrolled in an associate degree or technical program will be eligible for scholarships up to \$500.
